

Put Compassion Into Action

Your Church Can Bring
Hope to a Hurting World

Send Relief

Compassion Starts with the Church

Send Relief helps you and your church live out the love of Christ in ways that turn care into action and action into gospel witness. Here's how your church can step in:

SERVE TOGETHER

Your church can engage with hands-on missions experiences near and far. From Ministry Centers across North America to international trips alongside missionaries and local believers, we handle the details so your church can serve together and return ready and compelled to live out compassion at home.

BE EQUIPPED

Send Relief offers a growing library of free resources to help ministry leaders do compassion ministry well. From expert-led video courses to ebooks and prayer guides, everything is theologically grounded, practical, and designed to shape churches for long-term compassion ministry.

GIVE WITH PURPOSE

Your church's generosity can help change a story. Through Send Relief, every gift helps meet real needs and share the hope of Jesus by caring for people and communities around the world.

Take the Next Step

Compassion opens doors for the gospel.

Find out where your yes can take you:

Send Relief

Send Relief is the compassion ministry of the International Mission Board and North American Mission Board.
